NEW PERSPECTIVES ON SCANDINAVIAN DESIGN

Muuto is rooted in the Scandinavian design tradition characterized by enduring aesthetics, functionality, craftsmanship and an honest expression.

By expanding this heritage with forward-looking materials, techniques and bold creative thinking, our ambition is to deliver new perspectives on Scandinavian design.

In fact our name, Muuto, comes from *muutos*, meaning new perspective in Finnish. We handpick leading contemporary designers who are strong interpreters of our philosophy and combine their talents with the passionate Muuto creative team.

You will know our design because it has muutos: objects made sublime through new perspectives, enjoyed across the world, representing the best of Scandinavian design today.

DESIGNS FOR MODERN HOMES

We want to create designs that make spaces feel intuitively right, be it through the inviting comfort of a sofa, the ambient glow of a pendant lamp or the subtle texture of a coat hook, bringing modern sentiments and forward-thinking functionalities into everyday life.

Working from the belief that design can affect our wellbeing, we strive to offer an extensive selection of designs for the evolving needs of the modern home, rooted in the values of Scandinavian design. Alongside this, we continuously develop the Muuto universe of colors and textures for our products to create and complement atmospheres in any aesthetic direction. This allows you to explore the endless possibilities of our collection to find the exact match for your home.

+ 100.000
options across
the muuto collection

AN EXTENSIVE READY-TO-SHIP COLLECTION

With our extensive **Ready-To-Ship** collection, many of our designs are available for immediate shipping in a broad selection of colors and upholsteries, spanning across furniture, lighting and accessories.

CUSTOMIZE YOUR DESIGN

Customize your favorite design in our **Product Configurator** on [Muuto.com](https://muuto.com) by selecting from a large variety of textile and leather upholsteries in thousands of colors across our **Made-To-Order Options**.

Textile or leather? Full or front upholstery? Green or Grey? Legs in Black or Chrome? Making a choice among the nearly infinite customization possibilities can seem overwhelming. Explore our take through the **Made-To-Order Inspiration Options** that bring new perspectives to the individual product.

Get inspired on the following pages and learn more on the product information pages from p. 59 onwards and on [Muuto.com](https://muuto.com).

PRICES & WHERE TO BUY

All recommended retail prices in your currency are available on muuto.com

Trays and legs in powder coated steel.
Wheels in powder coated steel and rubber.

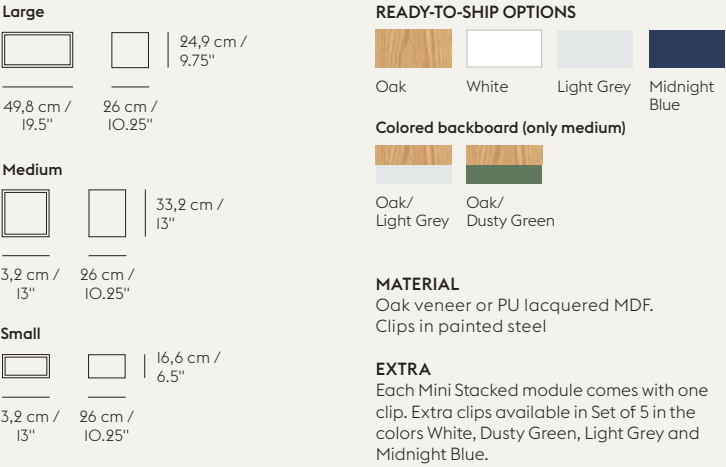

MINI STACKED STORAGE SYSTEM
by Julien De Smedt

Inspiration for your Mini Stacked Storage System

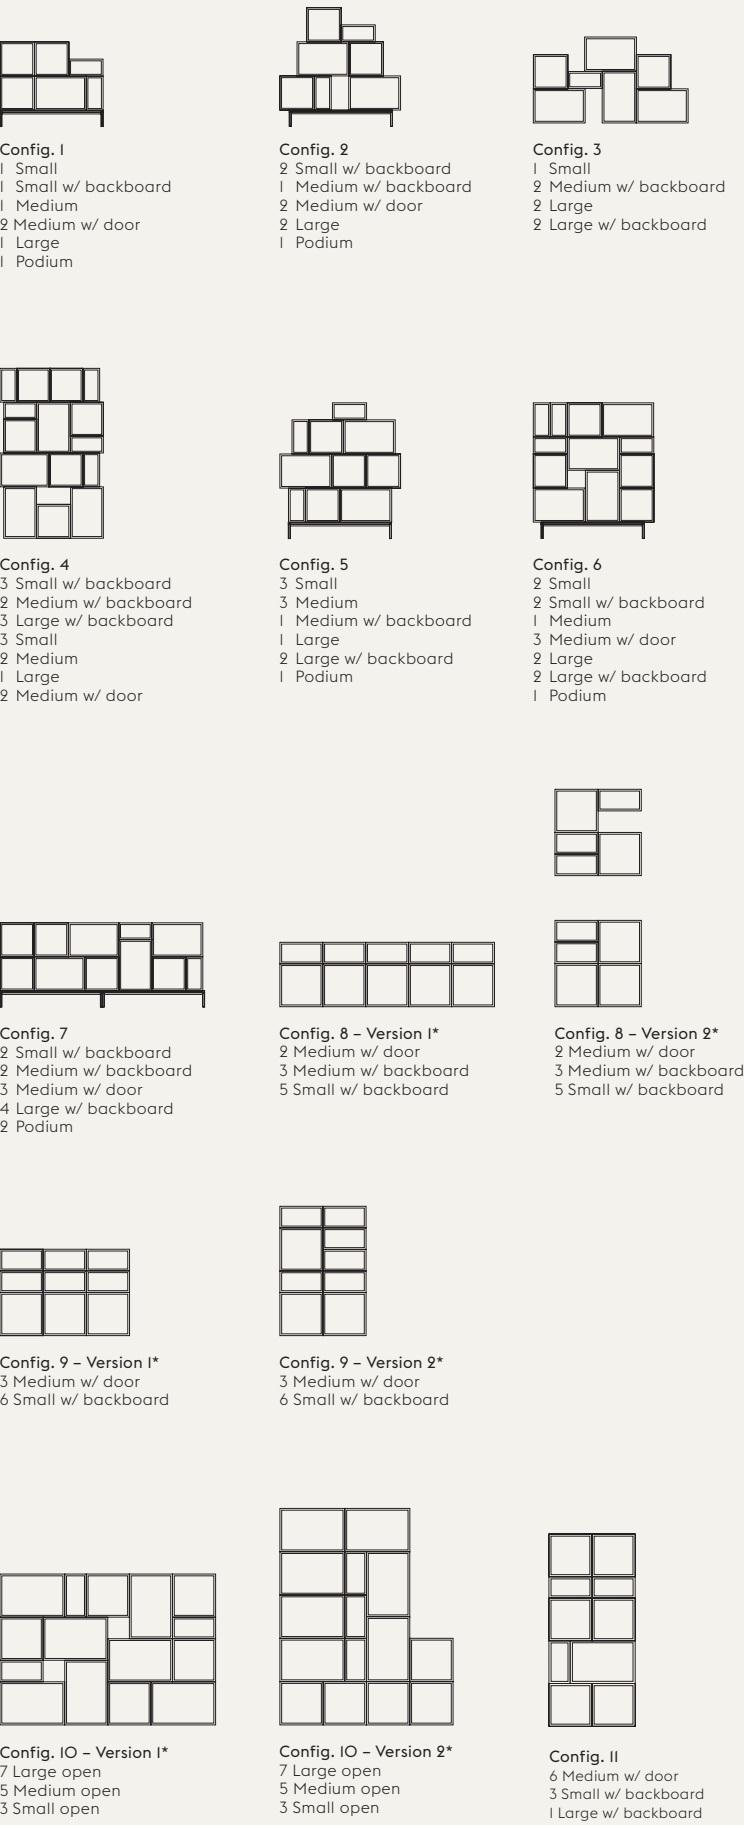

Design your own Mini Stacked solution on [muuto.com](#)
All shown settings and pre-arranged configurations are tested according to European safety standards. Clips are not shown on the drawings. Please follow assembly instruction & configuration guidelines. All indicated dimensions are non-binding and are subject to the right of modification at any time.

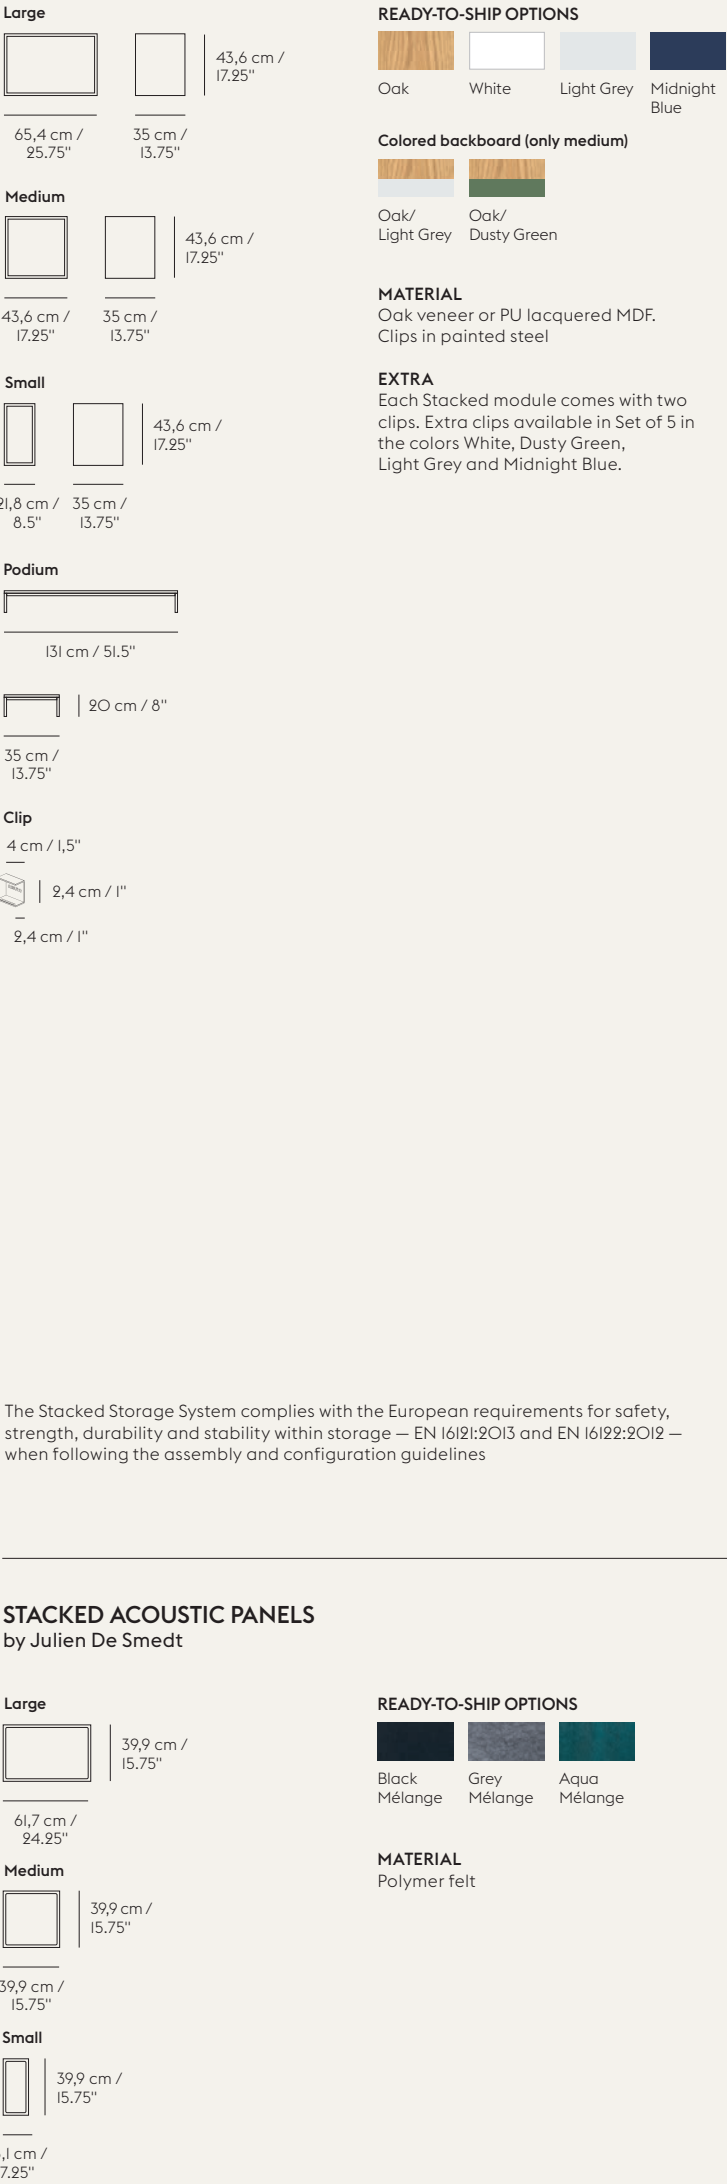

STACKED STORAGE SYSTEM
by Julien De Smedt

Inspiration for your Stacked Storage System

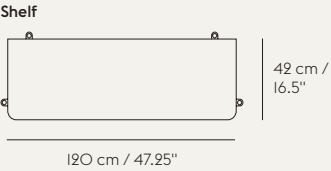

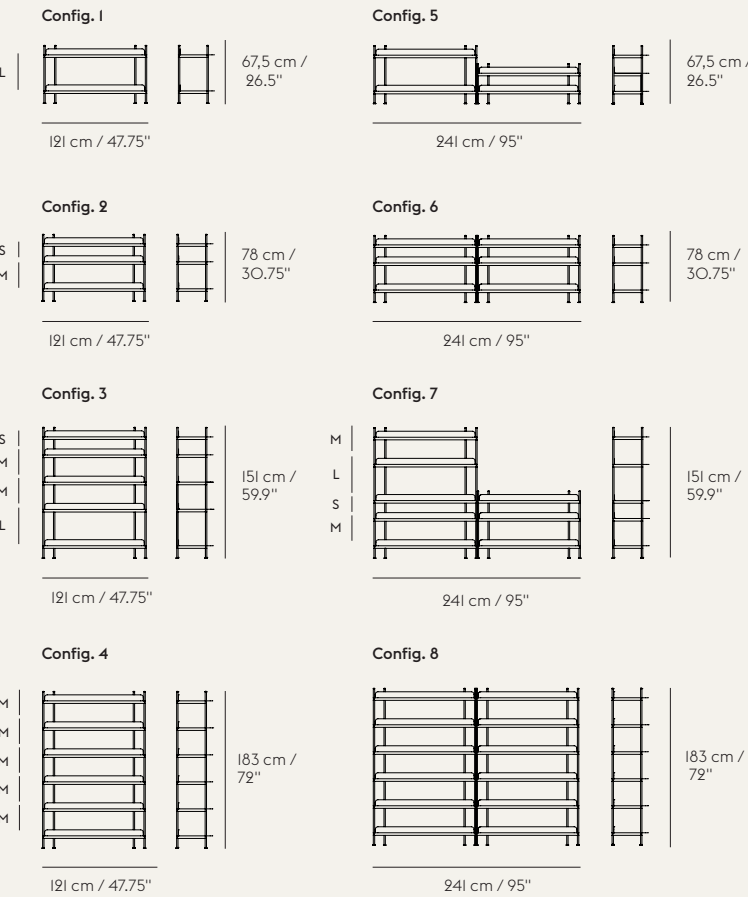

*Configuration 8, 9 & 10 are shown in two different versions with the same modules.

Design your own Stacked solution on [muuto.com](#)
All shown settings and pre-arranged configurations are tested according to European safety standards. Clips are not shown on the drawings. Please follow assembly instruction & configuration guidelines. All indicated dimensions are non-binding and are subject to the right of modification at any time.

COMPILE SHELVING SYSTEM
by Cecilie Manz

Predesigned configurations

Dividers

Large

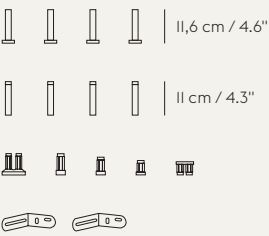

Medium

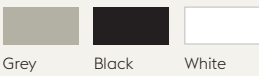

Small

Essentials Pack

READY-TO-SHIP OPTIONS

MATERIAL

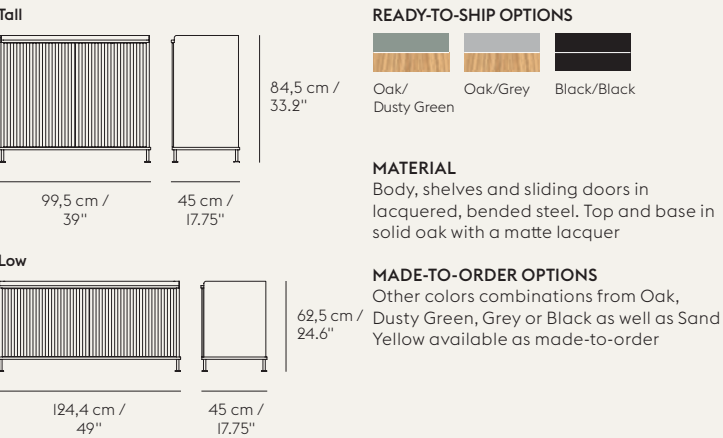

Powder coated steel

MADE-TO-ORDER OPTIONS

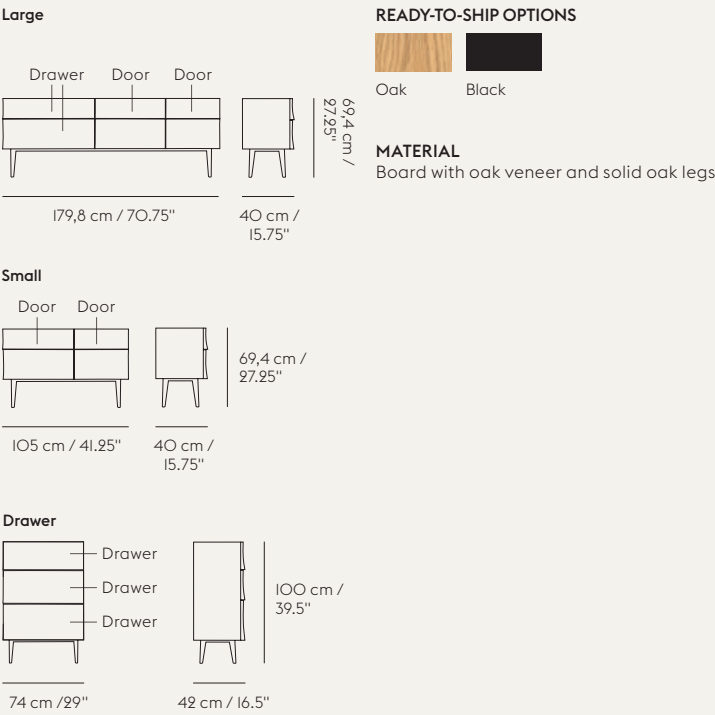

Build personalized systems by assembling shelves with 3 sizes of dividers or choose between 8 prearranged configurations

76 WEIGHT & HEIGHT RECOMMENDATIONS
The Compile Shelving System should always be mounted to a wall using wall brackets (included in the essentials pack). A Compile Shelving System can hold up to 300 kg / 661 lb. The Compile Shelving Systems can be built as tall as wanted, as long as it is mounted to the wall using wall brackets. Muuto recommends not building configurations higher than 2,25 m / 88.5"

ENFOLD SIDEBOARD
by Thomas Bentzen

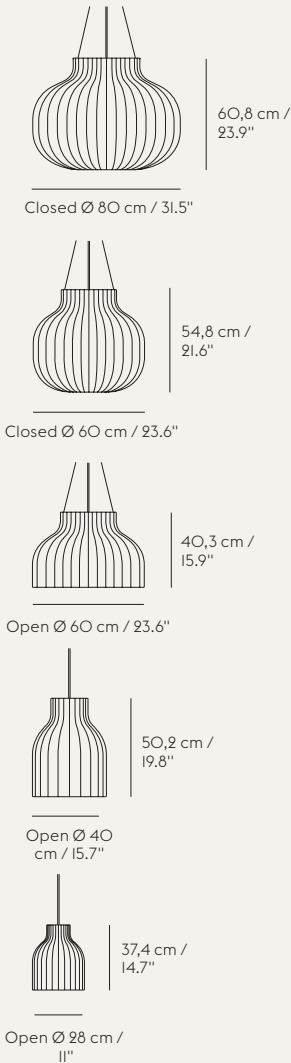

REFLECT SIDEBOARD & DRAWER
by Søren Rose Studio

Please note that the Reflect Drawer is not available for sale in North America

LIGHTING

STRAND PENDANT LAMP
by Benjamin Hubert

MATERIAL

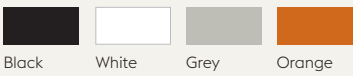

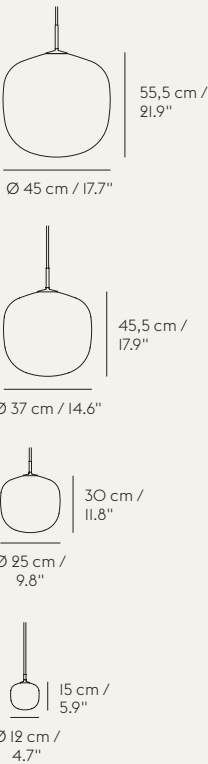

Steel structure covered with cocoon material. PVC cord, PVC covered steel wire

LIGHT SOURCE

Ø28 & Ø40 lx E26/E27 Max. 40W
Ø60 & Ø80 lx E26/E27 Max. 60W

Please note that Strand Pendant Lamp Open Ø60, Closed Ø60 and Closed Ø80 come with a wire suspension system with three wires

RIME PENDANT LAMP
by TAF Studio

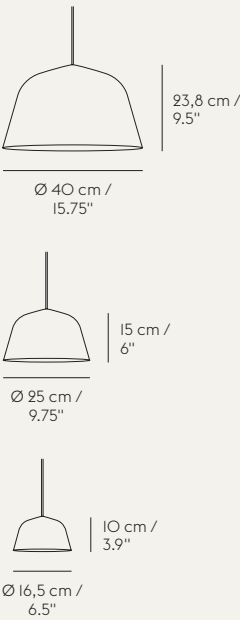

MATERIAL

Mouthblown glass shade, aluminum, powder coated top-piece and pendant tube, PVC cord

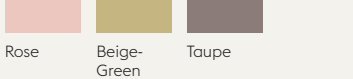

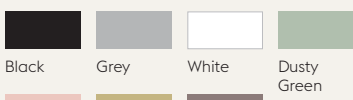

LIGHT SOURCE

Ø45, Ø37 lx E26/E27 Max. 60W
Ø25 lx E12/E14 Max. 40W
Ø12 lx G9 Max 25W
EU version includes 3W frosted LED bulb

EU version includes 5,5W frosted LED bulb

Please note that Ø16,5 is not available in Beige-Green and that Ambit Pendant Lamp in Beige-Green all sizes are not available for sale in North America

AMBIT RAIL LAMP
by TAF Studio

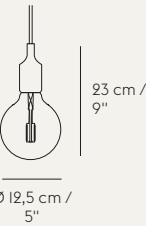

MATERIAL

Cast and extruded aluminum, handspun aluminum, PVC cord, steel wires

LIGHT SOURCE

3x E12/E14 Max. 60W

E27 PENDANT LAMP
by Mattias Ståhlbom

MATERIAL
Silicone rubber

LIGHT SOURCE
1x E26/E27 Max. 40W
2W LED bulb included

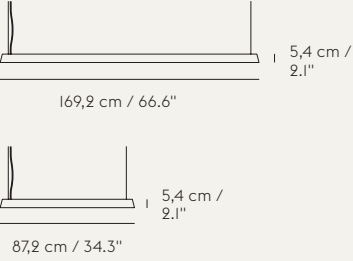

UNFOLD PENDANT LAMP
by Form Us With Love

MATERIAL
Silicone rubber, PC plastic diffuser

LIGHT SOURCE
1x E26/E27 Max. 60W

LINEAR PENDANT LAMP
by Thomas Bentzen

MATERIAL
Lamphead in pressure-die casted and extruded, powder coated aluminum. Stem in powder coated steel. Diffuser in polycarbonate. PVC cord

LIGHT SOURCE
87,2 cm: 20,3 W LED bulb integrated
169,2 cm: 37,7 W LED bulb integrated

LINEAR TABLE LAMP
by Thomas Bentzen

MATERIAL
Lamphead in powder coated, pressure die-casted aluminum. Stem in powder coated steel. Polycarbonate diffuser and PVC cord.

LIGHT SOURCE
6,25 W LED bulb integrated
Built-in 18W USB-C plug

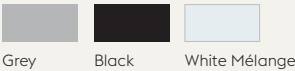

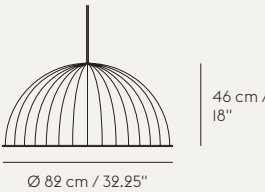

GRAIN PENDANT LAMP
by Jens Fager

MATERIAL
Mixture of bamboo fibers and plastic, PVC cord

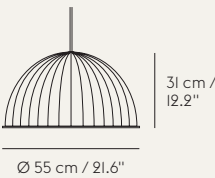

LIGHT SOURCE
1x G9 Max. 5W LED
3W LED bulb included

UNDER THE BELL PENDANT LAMP
by Iskos-Berlin

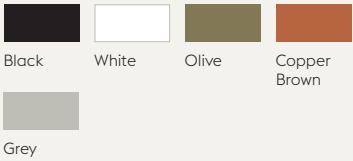

MATERIAL
PET felt made from recycled plastic, PVC cord

LIGHT SOURCE
1x E26/E27 Max. 60W

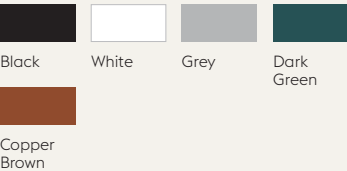

TIP TABLE LAMP
by Jens Fager

MATERIAL
Pressure die-casted aluminum, PVC cord

LIGHT SOURCE
Max. 8W LED bulb integrated, dimmable

LEAF TABLE LAMP
by Broberg & Ridderstråle

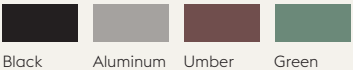

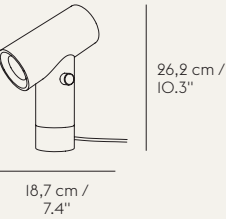

MATERIAL
Pressure die-casted aluminum, PVC cord

LIGHT SOURCE
Max. 8W LED bulb integrated, dimmable

Please note that Leaf Table Lamp in Dark Green and Copper Brown is not available for sale in Australia and New Zealand

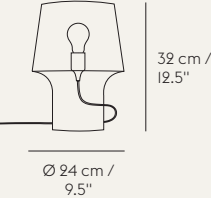

BEAM TABLE LAMP
by Tom Chung

MATERIAL
Extruded anodized aluminum

LIGHT SOURCE
Max. 10,5W LED bulb integrated, dimmable

COSY IN GREY TABLE LAMP
by Harri Koskinen

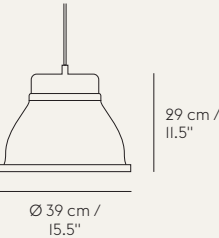

MATERIAL
Mouth-blown soda lime glass, textile cord

LIGHT SOURCE
1x E27 Max. 60W
Light source must be dimmable

Please note that Cosy In Grey Lamp is not available for sale in North America

STUDIO PENDANT LAMP
by Thomas Bernstrand

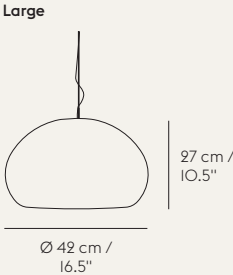

MATERIAL
Solid aluminum, rubber cord

LIGHT SOURCE
1x E26/E27 Max. 40W

Please note that Studio Pendant Lamp is not available for sale in North America

FLUID PENDANT LAMP
by Claesson Koivisto Rune

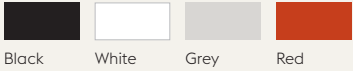

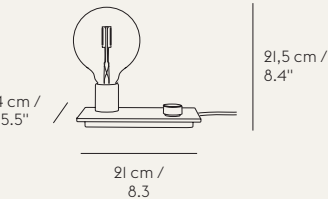

MATERIAL
Silk matt opal glass, PVC cord, metal wire

LIGHT SOURCE
Small: 1x G9 Max. 40W
3W LED bulb included
Large: 1x E26/E27 Max. 60W

CONTROL TABLE LAMP
by TAF Studio

MATERIAL
Cast aluminum, PVC cord

LIGHT SOURCE
1x E26/E27 Max. 40W
Light source must be dimmable
2W LED bulb included, dimmable

A SUSTAINABLE PERSPECTIVE

We strive to create designs that are long-lasting in their expression and quality, allowing for them to be used for many years into the future. As part of this emphasis, continuous testing is at the heart of our design and development process to ensure high levels of quality. All Muuto furniture is produced in Europe and North America to underline this focus.

Being a design-centric company, aesthetic longevity serves as a guiding principle in our design process, meaning that we seek to create designs that have an individual character while being visually relevant for a long time, shying away from the influences of fast-moving trends.

ENVIRONMENTALLY-FRIENDLY DESIGNS

Labels & Certificates

We want to take responsibility for the planet that we inhabit and the impact of our operations hereon by creating designs with lessened impact on the environment.

We seek to verify our products to high environmental standards and use these as guiding elements in our product development. Muuto participates in Declare with an extensive selection of furniture being Living Building Challenge Compliant. Declare examines the origin and ingredient report of each product. Furthermore, a number of Muuto furniture designs are Global GreenTag Level C-certified.

Muuto is an FSC®-certified company. FSC stands for Forest Stewardship Council® and confirms that a forest is managed in an environmentally responsible manner to preserve the biodiversity in the given area.

95% of all textiles used in our upholstered products hold the EU Ecolabel, a label of environmental excellence awarded to products that meet high environmental standards throughout their lifecycle.

A large number of our furniture and accessories designs have the EAC Declaration of Conformity to Technical Regulations of the Eurasian Economic Union.

Materials

We seek to work with innovative materials that have an environmental upside to them, as seen in our Under The Bell Pendant Lamp and Restore Storage Series, both made using recycled plastic fibers, alongside our Fiber Chair Series, made in a unique, recyclable composite with up to 25% wood fibers, and the Arrange Desktop Series, made in 100% recycled plastic.

All Muuto furniture packaging is made from at least 65% recycled material while our retail shopping bags are made from at least 90% recycled material.

HIGH-QUALITY PRODUCTS

For high levels of strength and stability, we test our products to the most demanding of tests within the furniture industry, making for extensive strength and stability that will allow for our products to be used for many years into the future.

Adding to that, we have comprehensive requirements for our suppliers, covering both legislative requirements as well as contract market demands within chemicals, quality and safety.

HEALTHIER INDOOR CLIMATES

We want to ensure that our products contribute towards healthier indoor climates.

VOC & Water-Based Lacquer

At Muuto, we create furniture designs that are placed in spaces where they are used for many years into the future. When a furniture product is placed in a room, it will emit a certain degree of its matter, known as volatile organic compounds, or VOCs, over time. How much it emits depends on its unique composition of materials. The majority of Muuto furniture products are VOC-tested to ensure that they contribute to healthier indoor environments.

Our water-based lacquer is an environmentally-friendly substitute to traditional oil-based lacquers. It emits fewer chemicals than oil-based lacquers, making for better working conditions and reducing waste in the production phase.

Textiles

95% of all textiles in our upholstered products hold the Greenguard Gold-certificate, verifying that their chemical and particle emissions fall within acceptable indoor air quality thresholds.

RESPONSIBLE MANUFACTURING & SAFETY

We want to secure that our products are socially responsible, both in the way that they are produced alongside contributing to safe environments.

Manufacturing & Safety

All Muuto manufacturers have signed our Muuto Code Of Conduct, prompting them to adhere to the United Nations principles of human rights, anticorruption and non-use of child labor.

Beyond complying with standard regulations in main markets, we also fire-test our upholstered products for regions and countries with specific requirements.
