

BEYOND WORK

TIPTOE

Our team dedicated to professionals

Since 2015, the Tiptoe team has worked in partnership with a broad range of interior professionals, architects and designers on over 2,000 projects across the world. Our products have been featured in projects such as workspaces, hotels & restaurants, museums as well as retail stores.

Our commitment to high quality European manufacturing as well as our pioneering take on sustainable design have proven to be valuable assets for our partners throughout the years.

Open Space

Open space areas have gone through major changes over the recent years with organizations required to create more flexible, collaborative and inspiring workspaces.

Our NEW MODERN workstations address a broad range of modern needs. Designed for flexibility, they are available in 2-PAX and 4-PAX versions. They are easy-to-assemble and provide any open space with a refined and minimalist look.

Individual Office

Individual offices are perfect spaces to express creativity by instilling a more personal touch to a work environment.

With the right choice of furniture and finishes, organizations can attain a subtle balance between elegant interior design, people's well-being and work efficiency.

Lounge

Over the past years, informal and lounging areas have quickly developed to occupy a more central position within work environments.

They embody organizations' ability to address the evolving needs of their teams to be more creative and efficient while feeling better at work.

Conference Room

Conference rooms are used on multiple occasions to punctuate an organization's internal life.

Whether it's hosting a speaker, kickstarting a company-wide project or presenting annual results, teams gather in conference areas outside their daily routine for special announcements and events.

Retail

Shops and retail spaces provide an important platform for everyday socialising and togetherness. People visit stores looking for random conversations, smells and sounds, and to enjoy a pleasurable experience in a great space.

Our UNIT system is ideal for in-store use, where the open-plan units can be used to organise or showcase products.

Professional's toolbox

The digital library is an online platform gathering a large number of resources on Tiptoe products (images, 3Ds, videos, catalogues, certifications and many other information). This image bank allows you to download and share the content you need for yourself or your customers.

Tiptoe objects are now available in pCon.planner ME (free edition), pCon.planner PRO and pCon Basket. PCon software lets you design 3D layout plans quickly and efficiently. Starting from a blank or existing plan, create your detailed plan by integrating the Tiptoe collections into your spaces. The entire Tiptoe collection is now available in the software.
