BOLD AESTHETICS

Balancing striking silhouettes with natural materials to captivate the sense of touch

Explore the intersection of comfort and contemporary design in our curated lounge chair collection. Indulge in plush luxury with designs upholstered to the ground or opt for bold aesthetics showcased in striking steel or wooden frames. Experience added versatility with swivel functions, allowing you to pivot with ease.

Parlour

Designed by Jonas Wagell

Inspired by the idea of a "parlour" - a space designed for entertaining, socialising, and relaxation - the Parlour series by Jonas Wagell includes a lounge chair and a matching ottoman. With pronounced piping details defining the shape, the lounge chair's sweeping backrest is seamlessly attached to the round, voluminous seat. Elevated by a frame and gently tapered legs in powder-coated cast aluminium, the chair radiates confidence while maintaining a grounded presence.

Room to parlour and ponder

Pondering the design, Jonas Wagell explains: "I believe an iconic piece of furniture is created in one of two ways; Either with an idea, concept or construction that is unique enough to break new ground - or with shapes and proportions that capture a personal expression and embody a singular and recognisable character. This project strives to be just that. A simplistic and graphic object that will capture a room and be memorable for the eye."

Tristan Lohner

Montholon

Designed by Tristan Lohner

Designed by French Tristan Lohner, the soft profile of the Montholon Chair is guided by a richness in tactility and attention to detail that adds to the design's strong presence. The generosity, comfort, and subtle detailing is enhanced with a smooth return swivel function that ensures freedom of movement, ideal for the lobby, foyer, or lounge area.

Seemingly soaring above ground

Resting atop a square and slightly recessed base featuring a return swivel function, the Montholon Chair seemingly soars above ground, prompting a lighter sentiment to its generous outline.

Ovata

Designed by Note Design Studio

Defined by the pleated, oval-shaped back that gently embraces the rounded seat cushion, the design of the Ovata Chair is inspired by the strong yet softly curved leaves of the succulent from which the design takes its name.

Ovata Chair Large

Settle into the Ovata Chair and feel how the snug seat perfectly encases the body. Offered in three sizes, the Ovata Chair is drawn with an artful presence at its core, emphasised by its sculptural, soft shapes that gently pull one into its plush, upholstered inner.

Ovata High Back

The high-back version of the Ovata Chair takes the serene look of Ovata and adds to it a sensation of privacy and sanctuary for its user. The chair comes with an additional back cushion, ensuring optimal seating comfort in hospitality settings, lounge areas or even in grander hotel rooms.

”Our design philosophy always strives for authenticity. When a product appears soft, it must genuinely offer that comfort when seated”

Note Design Studio

Folium

Designed by Mario Ferrarini

On his initial thoughts for the design, Mario Ferrarini ponders, “I was looking out my window on an autumn day, mesmerized by the sight of leaves tumbling towards the ground from above and, particularly so, the visual effect of two leaves landing close to one another with their shapes almost overlapping. This gave me the idea for the lines of the curved seat and back of Folium.”

Inspired by nature's foliage

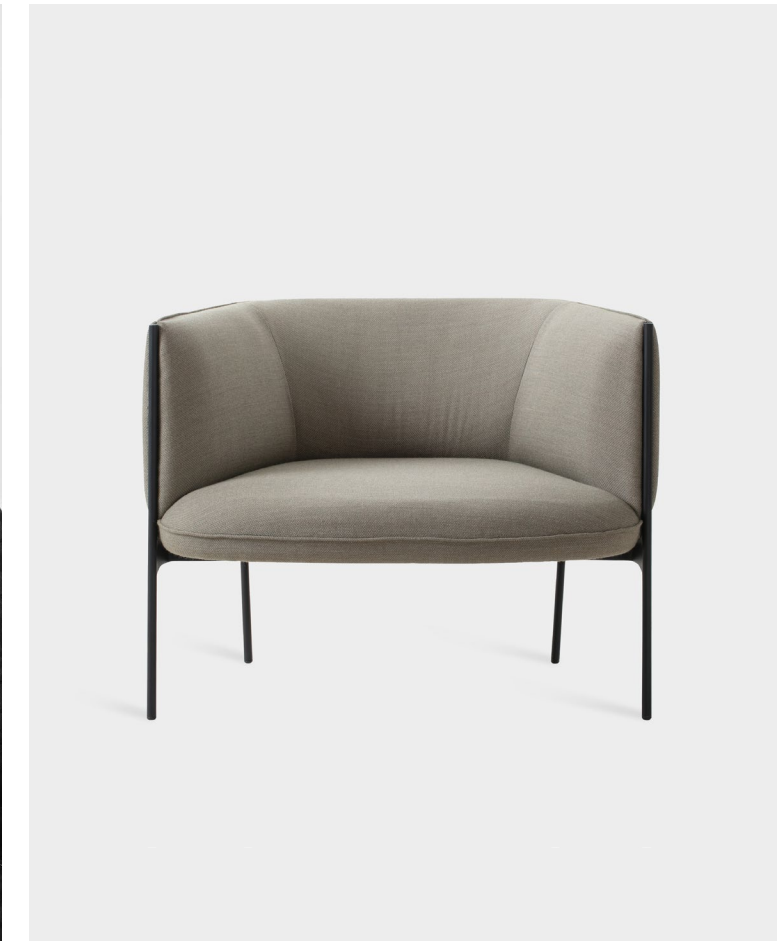

Inspired by nature's foliage, the Folium series spans its character across dining, bar, and lounge seating, all permeated by organic lines and softly enveloping seats, whilst the bold steel base is echoed in the distinctive piping details on the upholstered shell.

Sepal

Designed by Luca Nichetto

Designed by acclaimed Luca Nichetto, the Sepal Lounge Chair is guided by a lightweight, black powder-coated steel frame. The graphic frame elevates and encapsulates the upholstered backrest and seat cushion, further detailed with matching piping.

A deceptively simple design

Though deceptively simple in its design, the Sepal series features a wealth of details. Lending its name from botany, just like the sepals on a frail flower, the series upholds a sturdy yet delicate character.

Mango

Designed by Note Design Studio

Imagined by the award-winning Note Design Studio, the Mango Chair breathes contemporary life into a classic silhouette. Handmade by expert craftsmen, the distinct, rolling topography of the chair's interior gently nods to the notion of a mango fruit, cut in a square pattern.

An enveloping experience

The Mango design is offered in two versions: the Mango Chair with its tall back and subtle armrests, for an enveloping seating experience, and the more compact form of the Mango Mini allowing for it to be placed in smaller spatial contexts.

Vista

Designed by Anderssen & Voll

Designed by Oslo-based designer-duo, Anderssen and Voll, the low-lying Vista Chair is crafted as a deep-seated and inviting vantage point, evoking the feeling of looking out across a scenic view.

Shaped with an open and embracing ethos, the cocooning curves of the Vista Chair's generous shell are augmented with pleated upholstered details. Crafted in black or brown stained oak, featuring rounded legs and subtle joinery details, a robust frame augments the design.

Aero

Designed by 365 North

The Aero Chair and Stool find their identity in 20th-century design, interpreted through a modern scope. With calm lines of upholstered perfection, the Aero designs find themselves resting atop a tubular base of powder-coated steel.

Collar

Designed by 365 North

Like the collar of a fine shirt, the back of the Collar Chair runs around the design, creating a sense of cocooning comfort when seated. With sophisticated, slender steel legs and upholstered detailing, the design infuses its surroundings with its strong presence.

Kite Club

Designed by Jonas Wagell

Upon closer examination, the Kite Club Chair, designed by Jonas Wagell, reveals its character with meticulously quilted seams that gracefully traverse from the top to the bottom of the curved back. This detailing not only enhances the chair's aesthetic appeal but also accentuates the voluminous shape of the back.

Hug

Designed by 365 North

The Hug Chair & Stool embody the essence of well-crafted Scandinavian design with architecturally slender armrests, a tall, linear back, a gentle seat, and elegant legs. These pieces stand as archetypes, reflecting a commitment to aesthetic longevity.

Mate Side Table / Sebastian Herkner

Lobby

Designed by Sarah Rousselle

Conceived by French-born designer Sarah Rousselle, the Lobby collection, with its low-slung profile, includes a compact 2-seater sofa and lounge chair. Both pieces exude a sense of tranquil serenity, characterised by their calm and feminine silhouettes. Fully upholstered to the ground, the design features two pointed ellipse-shaped elements that delicately cradle the ample base and seat cushion.

Chill Low Back / 365 North
Chill Stool / 365 North

Chill

Designed by 365 North

Uncovering purity through organic volumes and a sumptuous seat, the Chill Chair is available in diverse forms to suit various purposes. Enhanced with meticulous handcrafted detailing and rounded edges, this low-profile lounge design delivers a delightful comfort experience, especially when paired with the Chill Stool.

Aloe

Designed by Luca Nichetto

Gently suspended on a black powder-coated steel frame, the upholstered shell of the Aloe Chair, crafted by Italian designer Luca Nichetto, showcases a strong outline accentuated by piping details along the edges, drawing inspiration from the distinctive leaves of the Aloe plant.
